Annual Report

RCC Institute of Information Technology,
Canal South Road, Kolkata

A self-financing institute under an autonomous society of
Higher Education Department, Govt. of West Bengal

RCC Institute of Information Technology (RCCIIT) was set up in 1999 by the erstwhile Regional Computer Centre (RCC), Calcutta (in JU) as a unique joint venture of NIC, Ministry of Communication & IT, Govt. of India and Dept. of Higher Education, Govt. of West Bengal. In 2003 the lead role of management of RCCIIT was transferred to the State Govt. from Govt. of India. Since then RCCIIT is the only engineering college in the State which is run by an autonomous Society (RCC Institute of Technology) formed by the State Govt. Known as one of the oldest engineering colleges in the State it now ranks within top 10 private and govt. engineering colleges. Besides 8 govt. engineering colleges established and funded by the State, RCCIIT is the only self-financing engineering college for which the Board of Management (BOM) as well as the Governing Body (BOG) are constituted directly by the State Govt. with senior officials of Higher Education Department, Professors and Administrators of JU and WBJEEB and eminent academicians and industry persons. The State has made significant contribution in terms of land and fund for development of the institute since inception. Situated in a well-connected location of mega-metro Kolkata, spread on a sprawling 4.63 acres of land leased to the college by the State Govt., it has best-in-class infrastructure and teaching-learning resources. State Govt. pay structure for the faculty (and staff) and ample scope for their research and self-development ensures their dedicated service for the students.

The RCC Institute of Information Technology (RCCIIT) is now **NAAC Accredited with a B++ Grade and a Score of 2.94.**

The Institute has also achieved National Board Accreditation for the following 4 UG programs:

- ❖ **B. Tech in Information Technology**
- ❖ **B. Tech in Computer Science and Engineering**
- ❖ **B. Tech in Electronics and Communication Engineering**
- ❖ **B. Tech in Electrical Engineering**

Though the Institute has not yet featured in NIRF, it has recognized by **ATAL RANKING of INSTITUTIONS ON INNOVATION ACHIEVEMENTS (ARIIA)** as "**PROMISING**" under the category "Colleges/Institutes (Govt. & Govt. Aided) (Technical)".

Vision
